I. Introduction

This is the disclosure statement (the "Disclosure Statement") in the small business chapter 11 case of Envia Holdings LLC (the Debtor). This Disclosure Statement contains information about the Debtor and describes the Plan dated Sept. 7, 2022 (the "Plan") filed by the Debtor on Sept.8, 2022. A full copy of the Plan is attached to this Disclosure Statement as Exhibit A. Your rights may be affected. You should read the Plan and this Disclosure Statement carefully and discuss them with your attorney. If you do not have an attorney, you may wish to consult one

The proposed distributions under the plan are discussed beginning on Page 9 of this

Disclosure Statement. General unsecured creditors are classified in Class 3 and will receive a

100% dividend of their allowed claims together with post-confirmation interest to be paid on the

latter of the Effective Date or within 5 days of the sale of the Improved Property, Unimproved

Property or Properties if Debtor's Properties sell with sufficient net proceeds to pay these claims in

full. If the net proceeds of sale after paying secured claims are insufficient to pay general unsecured

creditors in full, nonetheless general unsecured creditors will be paid in full, in part from the

remaining proceeds of sale after payment of secured and administrative priority claims with the

balance paid over 5 years, but without interest.

A. Purpose of This Document

This Disclosure Statement describes:

- The Debtor and significant events during the bankruptcy case,
- How the Plan proposes to treat claims or equity interests of the type you hold (*i.e.*, what you will receive on your claim or equity interest if the plan is confirmed),
- Who can vote on or object to the Plan,
- What factors the Bankruptcy Court (the *Court*) will consider when deciding whether to confirm the Plan,
- Why The Proponent believes the Plan is feasible, and how the treatment of your claim or equity interest under the Plan compares to what you would receive on your claim or equity interest in liquidation, and
- The effect of confirmation of the Plan.

Be sure to read the Plan as well as the Disclosure Statement. This Disclosure Statement describes the Plan, but it is the Plan itself that will, if confirmed, establish your rights.

B. Deadlines for Voting and Objecting; Date of Plan Confirmation Hearing

section describes the procedures pursuant to which the Plan will or will not be confirmed. A separate order has been entered setting the following information:

II. Background

A. Description and History of the Debtor's Business

Debtor is a single member CA Limited Liability Company. Nathaniel Villareal, the Designated Responsible Individual is its sole member. Debtor owns two continuous parcels of real property in Gilroy, CA. The first parcel, identified as 325 Denio Ave. #B Gilroy, CA (APN 835-07-024) has a 3200 square foot primary home¹, a gutted structure (warehouse or perhaps a second house) and two mobile homes ("Improved Property" hereinafter). These improvements are on approximately 7 acres. The contiguous parcel is identified as 0 Denio Ave. Gilroy, CA (APN 835-07-023) and consists of approximately 13 acres of raw land ("Unimproved Property" hereinafter). Collectively the Improved Property and Unimproved Property are referred to as "Properties". Other than farm equipment valued at about \$15,000 and about \$737 (plus post-petition rents) now in the WFB DIP, there are no other assets.

The Properties were acquired by Debtor in 2019 from the Richard Vasquez and Robin C. Silvera Vasquez Revocable Trust ("Secured note Holder" hereinafter). Richard Vasquez is Mr. Villareal's uncle. Secured Note Holder carried back a note in the amount of \$1,700,000 at 5% interest. Debtor defaulted. The parties entered into an Addendum to the Straight Note (Addendum) which was labelled a "Bridge Loan". It provided for an amount of \$1,785,000 payable in 8 quarterly payments of \$27,088.86 at an interest rate of 2% per annum. Per the terms of the Addendum, the new loan agreement was to come back into existence on June 15, 2022. The Addendum provides that "On June 15, 2022 a new loan agreement comes into existence. This loan is to re-establish the Original Note of \$1,700,000 and pay back lost interest rate of 5% due to the Bridge Loan. New Loan Agreement between Nathaniel Villarreal Envia Holdings and Richard and Robin C. Silvera Revocable Trust 1,738,870, 5% per annum for 60 quarters. (15 years)" The Addendum is facially ambiguous. A copy of the Note and Addendum is attached as Exhibit I.

The Secured Note Holder was foreclosing; hence the filing of the herein bankruptcy.

¹ Per Zillow; Debtor opines that it is larger. Realtor will measure.

B. Insiders of the Debtor

Nathan Villareal is the only insider of the Debtor. Mr. Villareal has not received any money from the Debtor.

C. Management of the Debtor during the Bankruptcy

During the two years prior to the date on which the bankruptcy petition was filed, the only officers, directors, managers or other persons in control of the Debtor was Nathan Villareal.

The Manager of the Debtor during the Debtor's chapter 11 case has been Nathan Villareal.

After the Effective Date of the order confirming the Plan, Nathaniel Villareal will continue as sole member and manager of the Debtor.

Name of Current Officers/Members	Position	
Nathaniel Villareal	Sole Member	

D. Events Leading to Chapter 11 Filing

Seller was foreclosing on the Properties.

E. Significant Events During the Bankruptcy Case

Before the filing of the petition, Nathaniel Villareal's parents were residing in the Improved Property without paying any rent. As of July 1, 2022, Nathan Villareal's parents commenced paying \$3,500/month rent. Debtor filed a motion seeking Court authority to use the cash collateral to pay for UST fees, property taxes and insurance. It provides for rents to accrue until there are sufficient funds in Debtor's WFB Debtor in Possession account to cover these projected expenses. Any surplus is to be distributed to Secured Note Holder. An order authorizing use of cash collateral was entered on August 22, 2022.

Debtor has employed PHP Group, Inc. as its real estate broker to market and sell the Properties. An order employing PHP Group, Inc. was entered on July 18, 2022. Video and marketing materials have been prepared and marketing has begun. Debtor's agent opines that the Property can be sold for \$3,000,000 but because it is unique it may take some time. Debtor contends the Properties are worth more. Debtor's agent, at his own marketing expense, hired an

appraiser. The appraiser opined that the value of the Properties is \$2,727,000. Debtor has received one offer for \$2,400,000 which was rejected.

H. Current and Historical Financial Conditions

The Properties have not generated any pre-petition rents. As of July 2022 the Properties are generating \$3,500/month in rent which is being deposited into Debtor's DIP at Wells Fargo Bank.

The identity and fair market value of the estate's assets are listed in Exhibit B.

The Debtor's most recent financial statements issued before bankruptcy, each of which was filed with the Court, are set forth in *Exhibit C*.

Post-petition Operating Report is set forth in Exhibit D

III. Summary of the Plan of Reorganization and Treatment of Claims and Equity Interests

A. What Is the Purpose of the Plan of Reorganization?

As required by the Code, the Plan places claims and equity interests in various classes and describes the treatment each class will receive. The Plan also states whether each class of claims or equity interests is impaired or unimpaired. If the Plan is confirmed, your recovery will be limited to the amount provided by the Plan.

B. Unclassified Claims

Certain types of claims are automatically entitled to specific treatment under the Code.

They are not considered impaired, and holders of such claims do not vote on the Plan. They may, however, object if, in their view, their treatment under the Plan does not comply with that required by the Code. Therefore, the Plan Proponent has *not* placed the following claims in any class:

1. Administrative expenses, involuntary gap claims, and quarterly and Court fees

Administrative expenses are costs or expenses of administering the Debtor's chapter 11 case which are allowed under § 503(b) of the Code. Administrative expenses include the value of any goods sold to the Debtor in the ordinary course of business and received within 20 days before the date of the bankruptcy petition, and compensation for services and reimbursement of expenses awarded by the court under § 330(a) of the Code. The Code requires that all administrative expenses be paid on the effective date of the Plan, unless a particular claimant agrees to a different treatment. Involuntary gap claims allowed under § 502(f) of the Code are entitled to the same treatment as administrative expense

claims. The Code also requires that fees owed under section 1930 of title 28, including quarterly and court fees, have been paid or will be paid on the effective date of the Plan.

The following chart lists the Debtor's estimated administrative expenses, and quarterly and court fees, and their proposed treatment under the Plan:

Туре	Estimated Amount Owed	Proposed Treatment
Professional Fees, subject to approved by the Court.	\$10,000	Payable from the proceeds of sale of the Improved Property, Unimproved Property or Properties subject to order from the Court.
Office of the U.S. Trustee Fees	325.00	Paid in full on the effective date of the Plan
TOTAL	10,325.00	

2. Priority tax claims

Priority tax claims are unsecured income, employment, and other taxes described by § 507(a)(8) of the Code. Unless the holder of such a § 507(a)(8) priority tax claim agrees otherwise, it must receive the present value of such claim pursuant to 11 U.S.C. § 511, in regular installments paid over a period not exceeding 5 years from the order of relief.

The following chart lists the Debtor's estimated § 507(a)(8) priority tax claims and their proposed treatment under the Plan:

C. Classes of Claims and Equity Interests

The following are the classes set forth in the Plan, and the proposed treatment that they will receive under the Plan:

1. Classes of secured claims

Allowed Secured Claims are claims secured by property of the Debtor's bankruptcy estate (or that are subject to setoff) to the extent allowed as secured claims under § 506 of the Code. If the value of the collateral or setoffs securing the creditor's claim is less than the amount of the creditor's allowed claim, the deficiency will be classified as a general unsecured claim.

Here Debtor believes there is more than sufficient equity to pay secured creditors in full.

The following chart lists all classes containing Debtor's secured prepetition claims and their proposed treatment under the Plan:

Class #	Description	Insider?	Impairment	Treatment

1	Secured Claim of:	No	Impaired	Monthly Payment: \$

2. Classes of priority unsecured claims

The Code requires that, with respect to a class of claims of a kind referred to in §§ 507(a)(1), (4), (5), (6), and (7), each holder of such a claim receive cash on the effective date of the Plan equal to the allowed amount of such claim, unless a particular claimant agrees to a different treatment or the class agrees to deferred cash payments.

///

The following chart lists all classes containing claims under §§ 507(a)(1), (4), (5), (6), and (7) of the Code and their proposed treatment under the Plan:

Class #			Impairment?	Treatment	
Priority unsecured None claim pursuant to section _[insert]		☐ Impaired☐ Unimpaired			
	Total amount of claim	\$			

3. Classes of general unsecured claims

General unsecured claims are not secured by property of the estate and are not entitled to priority under § 507(a) of the Code.

The following chart identifies the Plan's proposed treatment of Class 3 which contains general unsecured claims against the Debtor:

Class	Description	Impairment?	Treatment	
#	200011741011	impairment:		
2	General unsecured class		[Monthly] payment	
3		☐ Unimpaired	To be paid in full as follows:	
			Paid in full together with interest at 3.12% per annum, the latter of the Effective Date or five days after the sale of the Unimproved Property or Improved Property or Properties, provided there are sufficient proceeds of sale, after payment of administrative priority claims, to pay these claims in full;	
			or, if the proceeds of sale of the Properties are insufficient to pay these claims in full or if the Properties do not sell within 6 months of the Effective Date, paid in full without interest from the net proceeds of sale after payment of administrative priority claims, with the unpaid balance paid in payments of \$3,558.33/mo. commencing on the 1st day of the 6th month after the Effective date.	
			Any payments to be distributed prorata.	
			Payments begin As set forth above	
			Payments end	
			[Balloon payment] None	
			Interest rate from % Effective Date	
			Estimated percent of 100% claim paid	

4. Classes of equity interest holders

Equity interest holders are parties who hold an ownership interest (*i.e.*, equity interest) in the Debtor. In a corporation, entities holding preferred or common stock are equity interest holders. In a partnership, equity interest holders include both general and limited partners. In a limited liability company (*LLC*), the equity interest holders are the members. Finally, with respect to an individual who is a debtor, the Debtor is the equity interest holder.

The following chart sets forth the Plan's proposed treatment of the classes of equity interest holders:

Class #	Description	Impairment?	Treatment
4	Equity interest holders	☐ Impaired ☐ Unimpaired	Retain membership interest

D. Means of Implementing the Plan

1. Source of payments

Payments and distributions under the Plan will be funded by the following:

Debtor has listed the Properties for sale. Debtor will sell the Improved Property or the Unimproved Property or both (The Properties). If a buyer only purchases either the Improved Property or the Unimproved Property and the proceeds of sale are sufficient to pay the Plan (Secured and general unsecured creditors) in full, Debtor will retain the remaining property. If not, Debtor will continue to market the remaining property. However, Debtor's real estate agent opines that most likely a buyer will only buy both the Unimproved and Improved Property (Properties) together.

The possible scenarios and treatment of secured and general unsecured creditors under the plan are as follows:

Scenario	Treatment of Secured Creditors	Treatment of General Unsecured Creditors
Unimproved or Improved Property sells within 6 months of the Effective Date and proceeds sufficient to pay administrative claims and general unsecured creditors in full	Pay allowed claims in full from escrow	Pay allowed claims in full the latter of the Effective Date or within 5 days of close of escrow together with interest at 3.12% from the Effective Date.
Properties do not sell within 6 months of the Effective Date	Secured Claimants have relief from the automatic stay to enforce their liens	Debtor to commence payments of \$3,558.33/mo. on the 1st day of the 6th month after the Effective Date paid pro-rata among allowed claimants continuing until claims are paid in full without interest.

Deficiency paid from later sale of remaining property. Until remaining property sells in an amount sufficient to pay deficiency in full, in payments of \$3,558.33/month distributed pro-rata to allowed claims, paid on the 1 st day of the 6 th month after the Effective Date and continuing monthly on the 1 st day of the month until claims paid in full without interest.
	Both Properties sell within 6 months of the Effective Date and proceeds are sufficient to pay secured creditors in full, but not general unsecured creditors	Paid in full at closing of sale	Deficiency to general unsecured creditors to be paid in payments of \$3,558.33/month distributed pro-rata to allowed claims, paid on the 1 st day of the 6 th month after the Effective Date and continuing monthly on the 1 st day of the month until claims paid in full without interest.

The monthly payments, if required, are to be generated from any of the following sources:

- a. Rent of the house until the Improved Property is sold
- b. Rent of one or both Mobile Homes if the Improved Property is not sold.
- c. Infusion of money to the Debtor my Nathaniel Villareal, Debtor's sole principal. Mr.

Villareal is a commercial electrician and is able to fund \$3,558.33/month or any difference between \$3,558.33 and the rental income.

2. Post-confirmation Management

The Post-Confirmation Management of the Debtor (including officers, directors, managing members, and other persons in control), and their compensation, shall be as follows:

Name	Affiliations	Insider (yes or no)?	Position	Compensation
Nathaniel Villareal	Sole Member	Yes	Sole Member	\$0

E. Risk Factors

The proposed Plan has the following risks

<u>Unique Property</u>. The Properties are unique and hence there is a smaller pool of buyers than for a single family residence. Further, because the Properties, when sold together, exceed 10 acres, it reduces the lender pool willing to finance the Properties.

Market Risk. The real estate market appears to be wavering. A recession could lengthen the marketing time or have an adverse impact on price.

F. Executory Contracts and Unexpired Leases

There are no leases or executory contracts.

The Plan in Article 6 lists all executory contracts and unexpired leases that the Debtor will assume, and if applicable assign, under the Plan. *Assumption* means that the Debtor has elected to continue to perform the obligations under such contracts and unexpired leases, and to cure defaults of the type that must be cured under the Code, if any. Article 6 also lists how the Debtor will cure and compensate the other party to such contract or lease for any such defaults.

If you object to the assumption, and if applicable the assignment, of your unexpired lease or executory contract under the Plan, the proposed cure of any defaults, the adequacy of assurance of performance, you must file and serve your objection to the Plan within the deadline for objecting to the confirmation of the Plan, unless the Court has set an earlier time.

All executory contracts and unexpired leases that are not listed in Article 6 or have not previously been assumed, and if applicable assigned, or are not the subject of a pending motion to assume, and if applicable assign, will be rejected under the Plan. Consult your adviser or attorney for more specific information about particular contracts or leases.

If you object to the rejection of your contract or lease, you must file and serve your objection to the Plan within the deadline for objecting to the confirmation of the Plan

The deadline for filing a Proof of Claim based on a claim arising from the rejection of a lease or contract is October 3, 2022 (other than for government claimants)

Any claim based on the rejection of a contract or lease will be barred if the proof of claim is not timely filed, unless the Court orders otherwise.

111

G. Tax Consequences of Plan

Creditors and equity interest holders concerned with how the plan may affect their tax liability should consult with their own accountants, attorneys, and/or advisors.

Creditors should consult with their tax advisers with respect to the tax consequences of the discharge of any obligation owed to them. The following are the anticipated tax consequences of the Plan:

(1) Tax consequences to the Debtor of the Plan;

Debtor will have a long term capital gain for the gain, if any computed based on the difference between the net sales price after costs of sale and the basis in the Properties. See footnote to Exhibit E for estimated calculation.

(2) General tax consequences on creditors of any discharge, and the general tax consequences of receipt of plan consideration after confirmation.

The Plan contemplates that Creditors will be paid in full. Hence no tax consequences are anticipated.

IV. Confirmation Requirements and Procedures

To be confirmable, the Plan must meet the requirements listed in §1129 of the Code. These include the requirements that:

- the Plan must be proposed in good faith;
- if a class of claims is impaired under the Plan, at least one impaired class of claims must accept the Plan, without counting votes of insiders;
- the Plan must distribute to each creditor and equity interest holder at least as much as the creditor or equity interest holder would receive in a chapter 7 liquidation case, unless the creditor or equity interest holder votes to accept the Plan; and
- the Plan must be feasible.

These requirements are <u>not</u> the only requirements listed in § 1129, and they are not the only requirements for confirmation.

A. Who May Vote or Object

Any party in interest may object to the confirmation of the Plan if the party believes that the requirements for confirmation are not met.

Many parties in interest, however, are not entitled to vote to accept or reject the Plan. Except as stated in Part IV.A.3 below, a creditor or equity interest holder has a right to vote for or against the Plan only if that creditor or equity interest holder has a claim or equity interest that is both

- (1) allowed or allowed for voting purposes and
- (2) impaired.

In this case, the Plan Proponent believes that classes 1-3 are impaired and that holders of claims in each of these classes are therefore entitled to vote to accept or reject the Plan. The Plan Proponent believes that class 4 is unimpaired and that holders of claims in each of these classes, therefore, do not have the right to vote to accept or reject the plan.

1. What is an allowed claim or an allowed equity interest?

Only a creditor or equity interest holder with an allowed claim or an allowed equity interest has the right to vote on the Plan. Generally, a claim or equity interest is allowed if either

- (1) the Debtor has scheduled the claim on the Debtor's schedules, unless the claim has been scheduled as disputed, contingent, or unliquidated, or
- (2) the creditor has filed a proof of claim or equity interest, unless an objection has been filed to such proof of claim or equity interest.

When a claim or equity interest is not allowed, the creditor or equity interest holder holding the claim or equity interest cannot vote unless the Court, after notice and hearing, either overrules the objection or allows the claim or equity interest for voting purposes pursuant to Rule 3018(a) of the Federal Rules of Bankruptcy Procedure.

The non-governmental deadline for filing a proof of claim in this case is Oct. 3, 2022

2. What is an impaired claim or impaired equity interest?

As noted above, the holder of an allowed claim or equity interest has the right to vote only if it

///

///

///

is in a class that is *impaired* under the Plan. As provided in § 1124 of the Code, a class is considered *impaired* if the Plan alters the legal, equitable, or contractual rights of the members of that class.

3. Who is not entitled to vote

The holders of the following five types of claims and equity interests are not entitled to vote:

- holders of claims and equity interests that have been disallowed by an order of the Court;
- holders of other claims or equity interests that are not "allowed claims" or "allowed equity interests" (as discussed above), unless they have been "allowed" for voting purposes;
- holders of claims or equity interests in unimpaired classes;
- holders of claims entitled to priority pursuant to §§ 507(a)(2), (a)(3), and (a)(8) of the Code;
- holders of claims or equity interests in classes that do not receive or retain any value under the Plan; and
- administrative expenses.

Even if you are not entitled to vote on the plan, you have a right to object to the confirmation of the Plan [and to the adequacy of the Disclosure Statement].

4. Who can vote in more than one class

A creditor whose claim has been allowed in part as a secured claim and in part as an unsecured claim, or who otherwise hold claims in multiple classes, is entitled to accept or reject a Plan in each capacity, and should cast one ballot for each claim. No such circumstances are contemplated by the Plan.

B. Votes Necessary to Confirm the Plan

If impaired classes exist, the Court cannot confirm the Plan unless:

- (1) all impaired classes have voted to accept the Plan; or
- (2) at least one impaired class of creditors has accepted the Plan without counting the votes of any insiders within that class, and the Plan is eligible to be confirmed by "cram down" of the non-accepting classes, as discussed later in Section B.2. Debtor contends that the Class 2 claimant is an Insider.

1. Votes necessary for a class to accept the plan

A class of claims accepts the Plan if both of the following occur:

- (1) the holders of more than ½ of the allowed claims in the class, who vote, cast their votes to accept the Plan, and
- (2) the holders of at least ⅔ in dollar amount of the allowed claims in the class, who vote, cast their votes to accept the Plan.

A class of equity interests accepts the Plan if the holders of at least $\frac{2}{3}$ in amount of the allowed equity interests in the class, who vote, cast their votes to accept the Plan.

2. Treatment of non-accepting classes of secured claims, general unsecured claims, and interests

Even if one or more impaired classes reject the Plan, the Court may nonetheless confirm the Plan upon the request of the Plan proponent if the non-accepting classes are treated in the manner prescribed by § 1129(b) of the Code. A plan that binds non-accepting classes is commonly referred to as a *cram down* plan. The Code allows the Plan to bind non-accepting classes of claims or equity interests if it meets all the requirements for consensual confirmation except the voting requirements of § 1129(a)(8) of the Code, does not *discriminate unfairly*, and

is fair and equitable toward each impaired class that has not voted to accept the Plan.

You should consult your own attorney if a *cram down* confirmation will affect your claim or equity interest, as the variations on this general rule are numerous and complex.

C. Liquidation Analysis

To confirm the Plan, the Court must find that all creditors and equity interest holders who do not accept the Plan will receive at least as much under the Plan as such claim and equity interest holders would receive in a chapter 7 liquidation. A liquidation analysis is attached to this Disclosure Statement as *Exhibit E*.

D. Feasibility

The Court must find that confirmation of the Plan is not likely to be followed by the liquidation, or the need for further financial reorganization, of the Debtor or any successor to the Debtor, unless such liquidation or reorganization is proposed in the Plan.

1. Ability to initially fund plan

The Plan Proponent believes that the Debtor will have enough cash on hand on the effective date of the Plan to pay all the claims and expenses that are entitled to be paid on that date. Tables showing the amount of cash on hand on the effective date of the Plan, and the sources of that cash are attached to this disclosure statement as *Exhibit F*.

2. Ability to make future plan payments and operate without further reorganization

The Plan Proponent must also show that it will have enough cash over the life of the Plan to make the required Plan payments and operate the debtor's business.

The Plan Proponent has provided projected financial information. Those projections are listed in *Exhibit G*

The Plan Proponent's financial projections, based on conversations with his Realtor, is that the Properties will sell well before the deadline set forth in the Plan and the proceeds of sale will be sufficient to pay secured and general unsecured creditors in full.

You should consult with your accountant or other financial advisor if you have any questions pertaining to these projections.

V. Effect of Confirmation of Plan

Discharge of Debtor

Check one box.

X

Discharge if the Debtor is an individual and 11 U.S.C. § 1141(d)(3) is not applicable. Confirmation of the Plan does not discharge any debt provided for in the Plan until the court grants a discharge on completion of all payments under the Plan, or as otherwise provided in § 1141(d)(5) of the Code. Debtor will not be discharged from any debt excepted from discharge under § 523 of the Code, except as provided in Rule 4007(c) of the Federal Rules of Bankruptcy Procedure.

> Discharge if the Debtor is a partnership and § 1141(d)(3) of the Code is not applicable. On the effective date of the Plan, the Debtor shall be discharged from any debt that arose before confirmation of the Plan, subject to the occurrence of the effective date, to the extent specified in § 1141(d)(1)(A) of the Code. However, the Debtor shall not be discharged from any debt (i) imposed by the Plan, (ii) of a kind specified in § 1141(d)(6)(A) if a timely complaint was filed in accordance with Rule 4007(c) of the Federal Rules of Bankruptcy Procedure, or (iii) of a kind specified in § 1141(d)(6)(B). After the effective date of the Plan your claims against the Debtor will be limited to the debts imposed by the Plan.

Discharge if the Debtor is a corporation and § 1141(d)(3) is not applicable. On the effective date of the Plan, the Debtor shall be discharged from any debt that arose before confirmation of the Plan, subject to the occurrence of the effective date, to the extent specified in § 1141(d)(1)(A) of the Code, except that the Debtor shall not be discharged of any debt:

- imposed by the Plan, or (i)
- (ii) to the extent provided in 11 U.S.C. § 1141(d)(6).

No Discharge if § 1141(d)(3) is applicable. In accordance with § 1141(d)(3) of the Code, the Debtor will not receive any discharge of debt in this bankruptcy case.

B. Modification of Plan

The Plan Proponent may modify the Plan at any time before confirmation of the Plan. However, the Court may require a new disclosure statement and/or re-voting on the Plan.

The Plan Proponent may also seek to modify the Plan at any time after confirmation only if

- (1) the Plan has not been substantially consummated and
- (2) the Court authorizes the proposed modifications after notice and a hearing.

111

C. Final Decree

Once the estate has been fully administered, as provided in Rule 3022 of the Federal Rules of Bankruptcy Procedure, the Plan Proponent, or such other party as the Court shall designate in the Plan Confirmation Order, shall file a motion with the Court to obtain a final decree to close the case. Alternatively, the Court may enter such a final decree on its own motion.

Unimproved or Improved Property sells within 6 months of the Effective Date and proceeds sufficient to pay administrative claims and general unsecured creditors in full	Pay allowed claims in full from escrow	Pay allowed claims in full the later of the Effective Date or within 5 days of close of escrow together with interest at 3.12% from the Effective Date.
